

**A**ttend the PM industry's largest tradeshow devoted exclusively to powder metallurgy and particulate materials. This 120-booth international marketplace will present over 80 leading companies featuring the latest PM equipment, powders, products, and services. This is a great opportunity to meet worldwide industry suppliers all together in one place.

*The exhibition will be open Monday and Tuesday and is conveniently located in the Convention Center. The exhibit will not conflict with major conference events, general sessions, or program luncheons. This year—exhibitor sponsored refreshment breaks will take place on Monday and Tuesday for all attendees. See schedule.*

## SHOWCASE OF PM EXCELLENCE

A display of all entries submitted for the 2007 PM Design Excellence Awards will be on display in the exhibit hall. Winning parts will be identified following Tuesday's Awards Luncheon. This "Showcase of PM Excellence" provides an opportunity to review the latest PM engineering innovations and applications.

## PM METALLOGRAPHY DISPLAY AND COMPETITION

A display featuring photomicrographs of unique and interesting PM microstructures will be on display daily in the exhibit hall. The display will present the work of expert metallographers of PM and particulate materials.
