

Contents

Aluminum P/M Processed Components-Challenges and Opportunities Diran Apelian and Deepak Saha	1
Aluminum and Light Alloys for Automotive Applications Conference Joseph A. Carpenter, Jr.....	11
Applications of P/M Aluminum Parts – Materials and Processing Schemes Patrice Delarbre and Michael Krehl	33
Aluminum Powder – Hazardous or Not John W. Wright	41
Properties and Design Guidelines for Aluminum Parts Antonio Romero	51
Green Strength of Particle Reinforced Aluminum Composites Marie D. Weber, S. Ankem, R.J. Fields, G.D. Quinn and Y. Shim.....	59
Processing Effects on Mechanical Behavior of High Performance Powder Metallurgy Aluminum Alloys N. Chawla, S. Wu, R.J. Fields and G.T. Campbell.....	69
Processing and Properties of Al-SiC Composites Fabricated with Agglomerated Powders L.-P. Lefebvre, Y. Thomas and S. Pelletier.....	77
Gas Atomization of Aluminum Alloy Powder Othman Mamat, Mat Husin Saleh and Fauzi Ismail.....	85
Development of Prealloyed Aluminum Powders for High Performance Transport Applications M.A. Kearns and J.W. Wright.....	93
Press & Sinter P/M Aluminum Alloy Gears for Pumping Applications R. Shivanath, M. Korotkin, P.K. Jones, C. Van denBerg, M. Agnew, and B. Ayre.....	105
On the Development of Sintered Aluminum Matrix Composites G.B. Schaffer and S.H. Huo	115
Development of an AL-SI PM Material for Wear Resistant Applications, Including Camshaft Bearing Caps Laura H. Low.....	123
In-Situ Nondestructive Evaluation Method for Characterizing Sintering of Aluminum Compacts James C. Foley and David K. Rehbein.....	131
The Processing of 6061 Aluminum Alloy Reinforced SiC Composites by Cold Isostatic Pressing, Sintering and Sinter-Forging Naiqin Zhao and Philip Nash.....	145
Forged P/M Connecting Rod Development Using Aluminum Metal Matrix Composites Fuping Liu, Sam Papaefthimiou, Sydney Luk and Warren H. Hunt, Jr.	153
Quasi-isostatic Forging Aluminum Metal Matrix Components Henry S. Meeks and Andrew J. Sherman	161
Metallurgical Considerations in the Manufacture and Development of Aluminum P/M Camshaft Bearing Caps D. P. Bishop, R.L. McNally, Jr. and T.E. Geiman	177
Forgability Determination Studies for Aluminum Composites Nishad S. Prabhu and John J. Lewandowski	187
