Rates are contingent upon file supplied via e-mail or disk with proof. File formats in Quark Xpress, PDF, TIFF, or EPS are acceptable.

Production charges—The advertiser agrees to pay the publisher for all file changes, drawings, and composition if furnished by the publisher at the advertiser's request. Cost of changes to be paid by the advertiser (non-commissionable).

Color proofs required for all color ads.

CLASSIFIED ADVERTISING

"Employment Opportunities/Classified" listings will be accepted in APMI's monthly e-mailed publication *PM Industry NewsLine*. Listings will run simultaneously on the MPIF/APMI Web site. For complete information please contact Dora Schember at (609) 452-7700, ext. 110; Fax (609) 987-8523; E-mail: dschember@mpif.org

COPY AND CONTRACT REGULATIONS

Contract Period and Rates—Contract rates based on calendar year basis (January–December). Contracts not on a calendar year basis are subject to revised rates for insertions extending into following year.

Cancellations—Contracts may be cancelled by advertiser or publisher on written notice 15 days in advance of closing date. Cancellation fee of 50% will be applied.

APMI reserves the right to repeat prior ad if advertiser fails to meet insertion deadline.

The subject matter, form, size, wording, and illustration of advertising shall be subject to the approval of the publisher.

MISCELLANEOUS

All advertisers will be listed in the advertisers' index with fax numbers and Web addresses. This information is included for readers to contact advertisers directly. Current advertisers are entitled to purchase APMI mailing lists at reduced rates.

CONTACTS AND SHIPPING INSTRUCTIONS

Contracts and insertion orders should be sent to:
Jessica Schade Tamasi
Advertising Manager
International Journal of Powder Metallurgy
105 College Road East
Princeton, New Jersey 08540-6692 U.S.A.
TEL.: (609) 452-7700, ext. 103; FAX: (609) 987-8523
E-mail: jtamasi@mpif.org

PUBLICATION/EDITORIAL SCHEDULE

The *Journal* is published 6 times a year, bringing you the latest news in the PM and particulate materials industries. The 2010 publication schedule is:

46/1—January/February

Web Site Directory
Outstanding Technical Paper: PowderMet2009

46/2—March/April

Focus Issue: MicroPIM, Part 1
Engineering & Technology and R&D articles

46/3—May/June

Show Issue: PowderMet2010
Focus Issue: MicroPIM, Part 2
Exhibitor Showcase
Annual Technology Review
Engineering & Technology and R&D articles

46/4—July/August

PM Design Excellence Award Winners
State-of-the-PM Industry in North America—2010
Engineering & Technology and R&D articles

46/5—September/October

Focus Issue: Titanium
Axel Madsen/CPMT Scholar Reports
Outstanding Posters

46/6—November/December

Engineering & Technology and R&D articles
Excellence in Metallography Award

EDITORIAL DIRECTION

The *Journal* covers all sectors of the PM and advanced particulate materials industries:

PM Industry News in Review—A digest of recent news of companies, acquisitions, technological/engineering/production trends, business/market trends, new products, and personnel changes

Research and Development—In-depth articles on scientific and development work in PM and particulate materials

Engineering and Technology—Timely coverage of new technologies for materials, production processes, and products in the worldwide PM industry

Standards Update—Reviews of new industry standards

Profiles—In-depth reports on companies, universities, and research institutes

Newsmakers—Profiles of interesting people in management, engineering, and research

Consultants' Corner—Practical/hands-on questions from readers answered by respected PM consultants

Additional Items—Book reviews, patents, conference reports, and a list of upcoming PM meetings/conferences

ADDITIONAL MARKETING OPPORTUNITIES

Who's Who in PM Membership Directory—Showcase your products and services with an advertisement in the only comprehensive directory of the worldwide PM industry.

Mailing Lists—APMI and MPIF maintain an extensive database comprised of metallurgists; materials, design, tooling, electrical and mechanical engineers; executives; consultants; educators; students; and many others who have an interest in powder metallurgy and particulate materials.

Reprints—For a cost-effective marketing tool, order professionally reprinted copies of articles that feature your company.

Web Site Directory—The 2010 January/February issue of the *Journal* will include a Web site directory. A listing of your company's Web site will make you more accessible to potential customers.

THE EDITORS

Dr. Alan Lawley, Editor-in-Chief of the *JJPM* since 1985, is Professor Emeritus of Materials Engineering, Drexel University, Philadelphia, Pennsylvania. He received B.Sc. and Ph.D. degrees in metallurgy from the University of Birmingham, England. He was a post-doctoral fellow at the University of Pennsylvania and manager of the Solid State Science Laboratory of the Franklin Institute. Dr. Lawley is a member of the National Academy of Engineering, a recipient of the MPIF Distinguished Service to Powder Metallurgy Award (1991) and the prestigious APMI Fellow Award (1998).

Peter K. Johnson, Contributing Editor & Consultant, was editor of the *PM Technology Newsletter* for 25 years and co-editor of the *Perspectives in Powder Metallurgy* book series. He has published more than 375 articles and served as a private-sector advisor to the U.S. government and consultant to the United Nations. He received a B.A. from Hofstra University. He received the MPIF Distinguished Service to Powder Metallurgy Award (1999).

Editorial Review Committee

An Editorial Review Committee comprised of experts from all sectors of the PM industry and chaired by Pierre W. Taubenblat assists Dr. Lawley.
