

Membership in the Metal Powder Industries Federation (MPIF), the leading international trade association representing the metal powder producing and consuming industries, can help you take advantage of opportunities within the growing worldwide PM market.

The associate/consultant members of the Metal Powder Industries Federation provide a variety of services including: development and implementation of new technology, plant setup, part and tool design, laboratory services, market research, automation and SPC, injection molding, magnetic applications, personnel training, and research & development programs.

BENEFITS OF MPIF MEMBERSHIP:

Meetings and Conferences:

- Members can attend the annual POWDERMET conference that brings together the global PM industry for technical exchange, networking and a trade exhibition showcasing suppliers of powders, equipment and products. Registration fees are discounted for members.
- Members also are invited to attend the MPIF PM Summit where senior industry leaders gather to exchange management issues relevant to all segments of the PM industry.

Management and Statistical Programs:

- Members receive the monthly *MPIF Management Briefs* summarizing industry manufacturing and management updates with pertinent information solely for PM management.
- Members receive the “Monthly Economic Indicators & Industry Trends” report encompassing leading and lagging indicators for U.S. gross domestic product (GDP), automotive sales & production, agricultural and lawn & garden, aerospace, semiconductors, firearms, powder shipments, and U.S., Japanese and European imports & exports.
- Members receive quarterly statistics on metal powder shipments useful for industry trend analysis.

Publications and Training:

- MPIF conducts pertinent educational seminars and short courses at member discounts.
- Members have direct access to the world’s largest and most comprehensive library on powder metallurgy. MPIF is the leading publisher of PM books, proceedings, standards and electronic media. Members can purchase publications at member discounts.
- MPIF hosts the Guide to PM Microstructures website offering images of most MPIF material designations in a number of property influencing conditions.

Marketing Opportunities:

- Member consultants are recommended in response to requests for consulting services.
- Members receive a discount when advertising in the *FocusPM* Newsletter.
- Members are listed on various MPIF Web sites in a fully searchable online database of industry parts, powder and product manufacturers. You can also hotlink to your website increasing market outreach.
- Members are listed in the annual *Who's Who in PM Membership Directory* published by APMI International.

Membership Information

Associate/Consultant Members operate within the Metal Powder Industries Federation, an incorporated 501(c) 6 trade organization. They share with affiliated associations the economies and other advantages of joint administration. Associate/Consultant members are subject to the policies and regulations of the federation. Membership is on a company or "corporate" basis.

Eligibility

Eligibility for membership shall be determined by the executive director of the federation in accordance with applicable federation bylaws. Acceptance for Associate/Consultant (non-voting) membership constitutes membership in the Metal Powder Industries Federation. If eligible for corporate (voting) membership in any other Federation association, an applicant may not apply for affiliate membership.

Membership Dues and Representation

There are no initiation fees. Payment of dues shall cover membership in the Federation. Companies joining after the first quarter of the calendar year will be invoiced on a pro-rated basis to the nearest quarter. For Federal income tax purposes, payments to MPIF are not deductible as charitable contributions. They may be deductible under other provisions of the Internal Revenue Service code, including those applicable to business expenses.

Each company must appoint an individual to serve as its Official Representative who will be authorized to represent, and act for the company in the affairs of the Associate/Consultant membership. This does not preclude other individuals from the same company from participating.

The member company may also designate any number of additional individuals to serve as Alternate Official Representatives. A service fee determined by the Board of Governors will be assessed for each individual so designated to defray additional servicing and mailing expenses.

Associate/Consultant Application Form

Metal Powder Industries Federation

Company: _____

Mailing Address: _____

City: _____ State/Country: _____ Zip/Postal Code: _____

Telephone Number _____ Fax Number _____

E-mail: _____ Web site: _____

Date of incorporation or founding _____

If applicant is a subsidiary or division, what is the name of the parent organization?
